No. 18.— RULES RELATING TO THE TEXT-BOOK COMMITTEE.

A—Rules for the Educational Department.

1. Except with the express sanction of the Director of Public Instruction, managers of schools shall be debarred from receiving grants-in-aid, if they use any text-book which is not included in the authorised list of text-books.

2 No school shall enjoy the privilege of recognition by the Educational Department in which text-books disapproved by the Director are in use.

3. If the manager or the headmaster of a recognized school wishes to adopt a text-book which is not included in the authorized list, the Director will give every facility for referring the question of such adoption to the Text-Book Committee, in order that the book may be definitely placed on the prescribed list or definitely rejected within six months of its receipt. If in any case the Text-Book Committee is unable to make an early recommendation, the Director may issue provisional orders on the subject.

4. Under the powers delegated to him by Government, the Director retains on behalf of Government the right of prescribing text-books in particular subjects for use in recognized schools. As soon as possible after each of the half yearly meetings of the Text-Book Committee held under rule 14, the Director shall publish in two issues of the *Fort St George Gazette* a list of text-books approved by the committee and authorized by him or by Government for use in the several subjects and standards

5. Once in every five years a committee may be appointed by the Director to examine the list of approved books with a view to recommending the removal from the list of such books as are no longer required. A consolidated list of such approved text-books shall be published by him in the *Fort St. George Gazette*.

6. Government officers should not retain any interest in the sale of books written by them and will receive only a definite lump sum as remuneration from the publishing firm or any other party. Retention of the copyright may, at the discretion of the Director or the Government as the case may demand, be allowed in cases where the book in question is used (*a*) in countries other than India or (*b*) in India after the retirement of the officer who wrote it.

7. The Director shall, in his annual reports, describe the manner in which these rules and those for the guidance of the Text-Book Committee which follow, have been carried out in practice during the preceding year.

B—Rules for the Text-Book Committee

8. The Madras Text-Book Committee has been appointed for the following purposes:—

(*a*) To take into consideration such books as may be submitted to it by the Director and to advise him in regard to their suitability as text-books for the several classes and forms in recognized schools, the list in each subject and for each class or form being as varied and complete as possible, so that managers of schools may have a wide field in which to exercise the freedom of choice vested in them

(*b*) To advise the Educational Department as to the steps to be taken for the preparation and publication of new text-books when necessary.

(*c*) To help in forming under control of the Director—

(i) an educational library containing copies of all text-books approved from time to time by the department, copies of text-books approved and prescribed in other provinces of India and in other countries and copies of works on the theory, the practice and the history of education; and

(ii) an educational museum containing plans and models of school buildings and specimens of maps, diagrams, apparatus and appliances suitable for schools

9. The committee shall consist of not more than forty members exclusive of the president and it shall be so constituted as to secure, firstly, that the proportion of non-official members to the representatives of Government shall not be unduly large; and secondly, that different interests shall be properly represented.

10. The members of the committee shall be appointed by the Director who may, at any time and without assigning reasons, remove any member. The members shall hold office for three years but shall be eligible for reappointment. A member leaving the Presidency for an absence exceeding six months shall be considered to have permanently vacated his seat. Vacancies not exceeding six months in duration shall, when necessary, be filled up temporarily.

11. The Director shall be *ex-officio* President, and one of the members shall be Secretary.

12. The committee shall have power to appoint sub-committees for the purpose of dealing with different subjects and languages and to consult specialists who are not members of the committee. Any member appointed to fill a temporary vacancy on the committee shall *ipso facto* become a member of the sub-committee to which the absent member belongs. Every book referred to the committee by the Director shall be referred by it to the appropriate sub-committee for examination and report, and a list of the books under consideration shall be circulated to all the members of the Text-Book Committee before the committee meets.

13. The chairman of each sub-committee shall be appointed by the committee with the limitation that in the case of the sub-committee for vernaculars, an Inspector of the department shall, wherever possible, be chairman.

NOTE.—The above rules are subject to interim appointments to sub-committees and chairmanships of them being made when necessary by the Director.

14. The committee shall ordinarily meet twice a year, on the second Wednesday in March and the second Wednesday in October. The president shall have power to convene special meetings as occasion arises or on the requisition in writing of not less than four members. Sub-committees shall meet at such times as their respective chairmen may consider necessary.

15. Seven members of the committee shall form a quorum. The quorum for a sub-committee shall be not less than half the members of such committee, who are resident in Madras

16. The meetings of the committee and of sub-committees shall ordinarily be held at the office of the Director.

17. At all meetings of the committee or sub-committees, the president or the chairman, as the case may be, shall take the chair, but in case of his absence the members present shall appoint a chairman.

18. All questions that may arise at meetings of the committee or of sub-committees shall be decided by a majority of the votes of those present. In the event of the votes (including that of the president or the chairman) being equal, the president or chairman shall have a second or casting vote. Opinions of absent members may be submitted in writing but shall not count as votes.

In special cases such as when there is a disagreement between the Director and the committee, the matter shall be referred to the Local Government for decision.

19. The Secretary to the Text-Book Committee is empowered to communicate with the Secretaries of the Text-Book Committees in other provinces.

20. It shall be the duty of the Secretary to give notice of the meetings of the committee and of sub-committees, to attend the meetings of the committee and when possible the meetings of the sub-committees, when held at the ordinary place of meeting and to keep a record of the proceedings. When the Secretary is unable to be present at a meeting of a sub-committee, a similar record of the proceedings shall be kept by the chairman of the sub-committee, who shall forward it to the Secretary.

21. A copy of the proceedings of every committee meeting shall be forwarded to the Director within two weeks of the date of the meeting.

22. The committee shall, once in five years, forward to the Director a report on the work done during the quinquennium. This report shall be submitted to the Government by the Director with such remarks as he may see fit to offer on the operations of the committee.

23. Each book forwarded to a sub-committee shall be referred to not less than two of its members for expression of opinion.

24. No books referred to a member shall be kept for more than a month.

25. In the case of books rejected as unsuitable by the Text-Book Committee, some brief indication of the grounds on which the judgment has been formed shall be given.

26. A list of books under consideration indicating which items, if any, have been passed by the various sub-committees shall be printed and circulated among the members of the committee at least a fortnight before the date of the meeting at which they are to be approved.

27. In the case of books specially prepared for use in schools in the Presidency, the Director may call for the opinion of a sub-committee and, if such opinion be favourable, may notify the book as approved for use in schools without further reference to the full Text-Book Committee. Should the opinion of the sub-committee be unfavourable, the book shall be referred in the ordinary course to the Text-Book Committee.

28. The committee will have no concern with the text-books of schools recognized under the Code of Regulations for European Schools unless they are specially referred to it for opinion by Government or by the Director.

C—Procedure of the Text-Book Committee.

29. All books coming to the Secretary from the Director shall be sent by him to two members of the sub-committee concerned and on receipt of their opinions shall be transmitted together with their opinions to the Chairman of the sub-committee.

The Chairman may either—

(*a*) endorse such opinions, if they coincide, or

(*b*) give a casting vote if they are at variance, or

(*c*) bring the book before the Text-Book Committee, if he sees reason to differ from two opinions which coincide.

30. Before the committee meets, the chairman of sub-committees shall convene a meeting of the members of the sub-committees (an earlier hour of the day on which the committee is to meet may be chosen) and present to them the books which have been dealt with. At these meetings all business to be brought before the committee shall be prepared.

These meetings of the sub-committees will give the chairman the opportunity of receiving further guidance from sub-committee members in cases where difference of opinion has arisen or may arise.

31. The chairmen of sub-committees shall be responsible for presenting books (with the opinions thereon) to the committee at its biennial meetings and for giving previous intimation to the Secretary of the several opinions on the books under consideration.

32. The chairmen of sub-committees shall present through the Secretary to the Director the reasons for unfavourable opinions whenever called for.

33. It is the function of the Text-Book Committee to delete from the number of books available for school use those which are unsuitable for use in schools throughout the area controlled by the Madras Educational Department and to distinguish those which are suitable as text-books from those which deserve a place in the school library or in the teachers' library.

The Text-Book Committee does not attempt to prescribe particular text-books; it provides a list of books in the different subjects from which the school authorities may exercise their discretion in selecting.

34 The general grounds upon which books may be described as unsuitable may be tabulated as follows:—

(*a*) not adapted for Indian requirements,
(*b*) too advanced for school classes,
(*c*) method of treatment faulty,
(*d*) subject matter badly arranged,
(*e*) irrelevant to the prescribed school courses,
(*f*) composition defective,
(*g*) language unsuitable,
(*h*) publishers' work defective in respect to:—
(i) the compositor's work,
(ii) the quality of the type,
(iii) the quality of the illustrations,
(iv) the quality of the paper, and
(v) the quality of the binding.

Timely notice will be given to the candidates concerned.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must reasonably be the place where he is employed or ordinarily resides or should it not be a centre, the place nearest to it where the examination is held*. A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination cancelled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned at any other place, if he is satisfied that not fewer than *thirty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 22nd January. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at those places only where *satisfactory* arrangements can be made for the conduct of such examinations.

N B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examination, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette, *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognised by the Director of Public Instruction, Madras, or by the Director of Industries, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*.

N B.—Heads of institutions recognised for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical Examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no application of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, before the 31*st January*, the necessary drawings, plans, surveys, field books, estimates, or other "certified works". Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by the examiners unless the certificate of authorship is in such case quite satisfactory and specifies clearly the period or time occupied in the execution of each work and unless the examiners are satisfied as to the identity and

qualifications of the persons granting the certificate. Further, if any suspicion attaches to any certified works submitted by pupils from technical schools, the Commissioner will be compelled to recommend to the Director of Public Instruction, the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. *Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink*:—

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled* up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they reach the Commissioner's office on or before the 31st January, after which date no applications will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

11. Candidates in the mofussil should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates in Mysore, Hyderabad, Travancore and Cochin States should obtain the same from the Hon'ble the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Cathedral Post office (Madras), and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mofussil requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations:—

	Elementary.	Intermediate.	Advanced.
	Rs.	Rs.	Rs.
For each subject	3	5	10

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid *in every case* into a Government Treasury, or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the bank of Madras attached to the application, which must in every case reach the Commissioner's office on or before the 31st January. *On no account will the fee be received in the Commissioner's office whether sent in cash or by Post Office orders. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—*At Madras, in the case of all pupils, the fees should be collected by the headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be retained by the Bank and the other passed and returned to the headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to headmasters on application.*

HEMP DRUGS RULES.

No. 1.—In virtue of the powers delegated to him in Government Notifications Nos. 435, dated 18th July 1906, and 135, dated 20th March 1919, and in exercise of all other powers enabling him in this behalf, the Commissioner of Salt, Abkari and Separate Revenue, hereby prescribes under sections 6, 7, 10 to 16, 24 and 20 of the Madras Abkari Act (*I* of 1886) as subsequently amended the following rules for the cultivation of the hemp plant (*Cannabis Sativa* or *Indica*) and the manufacture, storage, sale, import, export, possession and transport of hemp drugs. These rules supersede all existing rules on the subject.

I. In these rules unless there is something repugnant in the subject or context —

(1) "Bhang" means the dried leaves of the hemp plant whether male or female and whether cultivated or uncultivated.

(2) "Charas" means the resinous matter formed on the flowering tops of cultivated female hemp plants, when collected separately.

(3) "Ganja" means the dried flowering tops of cultivated female hemp plants which have become coated with resin in consequence of having been unable to set seeds freely.

(4) "Hemp drugs" means any intoxicating drink or substance prepared from any part of the hemp plant and includes ganja, charas, bhang and every preparation and admixture of the same.

(5) "Licensed vendor" means a person who has obtained from the Collector a license for the retail vend of hemp drugs.

(6) "Stockholder" means any person who holds a licence for the possession and sale of hemp drugs in a public storehouse and includes also a cultivator who holds a cultivating licence.

II. The cultivation of the hemp plant is prohibited except under a licence. Licences will be granted for cultivation only in such parts of the Rapalle taluk of the Guntur district and of the Pulur taluk of the North Arcot district and in such other localities as may from time to time be fixed by the Board of Revenue, Separate Revenue.

III. A public storehouse will be provided in the neighbourhood of each area in which cultivation of the hemp plant is carried on for the deposit of the hemp drugs produced therein and will be in charge of an officer of the Salt, Abkari and Customs Department.

IV. The licence to cultivate will on application be issued by the officer in charge of the storehouse and will be in force for one fasli year only. No fee will be charged on the application or on the licence.

V. The officer in charge of the cultivation will grant permission to harvest. The permission granted may apply either to the whole or to a definite portion of the area cultivated by the licensee.

VI. The harvested plants must be transported under permits granted by the sub-inspector in charge of the block to the manufacturing yard where the stems will be stripped and flowering tops pressed into cakes.

VII. During the harvesting of the crop and the preparation of hemp drugs therefrom the licensed cultivator must work under the general superintendence of the officer in charge of cultivation or of the manufacturing yard as the case may be and his subordinates and shall comply with all orders given by such officer for the purpose of safeguarding the revenue.

VIII. All hemp drugs manufactured must be transported from the manufacturing yard to the storehouse under cover of permits issued by the officer in charge of the yard.

IX. On the arrival of the drugs at the storehouse, the officer in charge will at once cause them to be weighed and stored in the order of receipt and in such manner as the Board of Revenue, Separate Revenue, may from time to time direct and will grant a receipt for them. All ganja and bhang delivered at the Vetapalem storehouse will be examined by a Committee of officers appointed for the purpose and the quantity approved by the Committee will be purchased by Government on paying the cultivators the cost price at which they have agreed to sell the drugs to Government.

X. Any stockholder may, with the prior permission of the officer in charge of the storehouse, transfer all or a portion of his stock of hemp drugs to any other licensed stockholder whilst they are in the storehouse. A notice of the proposed transfer must be delivered in writing to the officer in charge of the storehouse who, unless he sees reason to refuse sanction, will sanction it and record the fact in his books.

XI. The officer in charge of the storehouse at Santavasal will grant stockholders and intending purchasers all reasonable facilities for inspecting the hemp drugs and transacting their business. He will also allow the owners reasonable opportunities for taking such measures as may be necessary for keeping their stocks in good condition but will not permit any manipulation of them for the purpose of making other preparations.

XII. The Assistant Commissioner of the subdivision in which the storehouse is situated will take stock of the hemp drugs in the storehouse at such intervals, not being greater than three months, and in such manner as the Board of Revenue, Separate Revenue, may from time to time direct. He will be authorized at the time of such stock-taking to destroy any hemp drugs that have been in stock for more than two years or that may be declared by the Board or by the owners thereof to be unfit for issue.

XIII. All goods deposited in a storehouse shall be at the risk of the owners.

XIV. Unless the Board of Revenue, Separate Revenue, with the previous sanction of Government shall direct otherwise, duty shall be levied on all hemp drugs removed from a storehouse at such rates as may from time to time be fixed by Government.

XV. Hemp drugs may be sold from the storehouse to licensed vendors, agents of Native States and French Settlements or to other persons specially authorized by the Board at a price not exceeding the maximum price which may be fixed by the Board of Revenue from time to time.

XVI. No quantity of hemp drugs less than three seers of any one kind shall be removed from the storehouse at one time. During the month of March, however, indents from licensed vendors for quantities less than this minimum may be complied with.

XVII. The Government do not guarantee the supply of hemp drugs of any particular sort.

XVIII. A licensed vendor desiring to procure hemp drugs from a stockholder must first pay duty at the prescribed rate into the treasury in the taluk in which his shop is situated. The treasury officer will, after securing himself that the applicant is a licensed vendor, grant him a receipt and

send a letter of advice to the officer in charge of the storehouse intimating the payment of duty. The licensed vendor will make his own arrangements for the purchase of the required drugs from the stockholder. The stockholder will present the receipt to the officer in charge of the storehouse and apply for delivery of the drugs to the purchaser. The officer in charge of the storehouse will after comparing the treasury receipt with the letter of advice superintend the delivery.

XIX. A licensed vendor desiring to procure hemp drugs from the Vetapalem storehouse must pay both the duty and the cost price of the drug into the treasury of the taluk in which his shop is situated. The treasury officer will grant a receipt for the amount received and send a letter of advice intimating the payment of duty and cost price to the storehouse officer. The licensed vendor will forward his receipt to the storehouse officer, who after comparing it with the letter of advice, will make the issues from the stocks in the storehouse.

XX. Unless the Board of Revenue order otherwise, the hemp drugs purchased shall be weighed first alone and a second time after packing. Each package shall be carefully sealed by the officer in charge of the storehouse so that it cannot be opened without injury to the seals and it shall also be marked so that it can be easily identified.

XXI. A licensed vendor may sell hemp drugs to any persons in any quantity not exceeding the limits fixed for possession without a license and to any other licensed vendor within the district in any quantity as it being less than five tolas of ganja or twenty tolas of bhang.

XXII. No licences for sale will be issued to persons interested in the cultivation of the hemp plant.

XXIII. Any person may have in his possession in the Agency tracts of Ganjam, Vizagapatam and Godavari any quantity up to such limits not exceeding ten tolas of ganja and forty tolas of bhang as the Board may from time to time prescribe and elsewhere any quantity not exceeding five tolas of ganja and twenty tolas of bhang.

XXIV. The possession of preparations or admixtures containing more than the above quantities is similarly prohibited.

XXV. A Collector may with the prior sanction of the Board of Revenue, Separate Revenue, grant special permission to any person to possess more than the prescribed quantity of hemp drugs.

XXVI. The transport of hemp drugs in quantities above the limits of private possession is permitted under the following conditions:—

(1) Hemp drugs transported from a storehouse must be covered by a permit issued by the officer in charge of the storehouse. The permit shall allow a reasonable but not excessive time for the consignment to reach its destination. The officer issuing the permit will send a copy of the permit to the Inspector of the circle wherein the shop is situated and to the sub-inspector of the range concerned. The latter officer will without unnecessary delay proceed to verify the consignment.

(2) The permit shall accompany the consignment while in transit and shall be produced for inspection on the demand of any Abkari, Land Revenue or Police officer. On arrival at its destination the consignment must be kept with seals unbroken until verified by the sub-inspector of the range in which the shop is situated. The latter if he finds cause for suspicion will detain the consignment and report the matter without delay to the Inspector for orders. If not, he will verify the quantity of drugs entered in the permit, enter the quantity received with his own hand in the account book maintained in the depot or shop and affix his signature thereto and return the copy of the permit he received with a certificate of verification on the back to the storehouse officer who issued it.

(3) No consignment of hemp drugs may be opened by a licensed vendor unless and until it has been verified and passed in the manner prescribed in the last preceding rule.

(4) Transport of drugs from one licensed vendor to another must be covered by a permit granted by a tahsildar or deputy tahsildar in independent charge or in the absence of the tahsildar from headquarters by the taluk head accountant.

XXVII. The import of hemp drugs is prohibited except under the special sanction of the Governor in Council or the Board of Revenue, Separate Revenue, Madras.

XXIX. Licensed vendors shall maintain accounts of their purchases and sales, shall file the permits for the hemp drugs received and shall produce the same for the inspection of any officer of the Abkari and Land Revenue departments not below the rank of sub-inspector and revenue inspector respectively when called upon to do so.

XXX. Stockholders and licensed vendors shall maintain such accounts as the Collector may direct.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 2 p.m. and 8 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the barometer is twenty-two feet above the level of the sea, and the receiver of the rain-gauge is two feet from the ground. The wind, rain and general weather registered are for the current civil day—from midnight to midnight.

The total quantity of rain collected since 1st January is nil, the average due for the same period being 0·22 inch.
